

## Interim Growth Plan

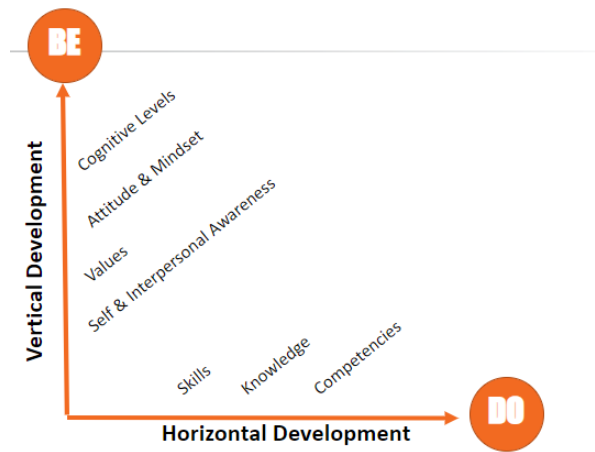

As we embark on an exciting year of growth and development, this is a free-form space to create and record the activities of your Growth Plan. It can serve as your road map for your journey and enable you to have quality conversations with you and your manager throughout the year.

When thinking about your Growth Plan for this year, consider what you would like to get 1% better each day? What would be most impactful to you if you could master a vertical challenge (the BE) and/or a horizontal challenge (the DO).

We wish you a successful journey in your growth this year and hope you will consider sharing your experiences with others openly in the spirit of “Development as a Team Sport”.

Sincerely,

Your People Team

2. Record your growth updates however often you would like. You may want to begin each entry with the date. (Ex: 1/10/2024- In my project team meeting....)
